LEGENDS:

- **PG – Product Group**
- **PM – Program Manager**
- **PO – Program Office**
- **TL – Team Leader**

Centrally Managed Systems (CMS) refers to a system for which configuration control is exercised by a central authority (e.g., Program Office). May be Marine Corps 'owned' (e.g., IAS) or may be controlled by other DoD services and agencies external to the Marine Corps (e.g., GCCS and NACOMIS).

INCREASING SECURITY AWARENESS FOR THE INFORMATION WARRIOR!!!
